

# Mountain Lake Biological Station

APPLY ONLINE: [WWW.MLBS.ORG](http://WWW.MLBS.ORG)

## Research Experiences for Undergraduates (NSF-REU)

Join undergraduates from around the country for a unique 10-week learning and living experience in the Appalachian Mountains. Students conduct independent research in field biology, ecology, evolutionary biology, behavior, and physiology under the supervision of MLBS scientists. REUs are paid internships that includes all station costs, travel, and \$4,200 stipend.

**Applications are due February 20.**

## 2009 SUMMER COURSES

### Session I: May 22 – June 5

**Stream Ecology** (BIOL 463/863, 3 cr) – Christine May and L. Scott Eaton, James Madison University

### Session II: June 8 – July 3

**Plant Conservation and Diversity** (BIOL 351/851, 4 cr) – Zack E. Murrell, Appalachian State University

**Biology of Birds** (BIOL 359/859, 4 cr) – Lynn M. Siefferman, Appalachian State University

### Session III: July 6 – July 31

**Forest Ecology** (BIOL 464/864, 4 cr) – Henry M. Wilbur and Rebecca B. Wilbur, University of Virginia  
**Evolution of Plant Reproductive Strategies** (BIOL 358/858, 4 cr) – Janet C. Steven, Sweet Briar College
